RBH subsidiary MOGS launches R1 billion LPG import and storage facility in the Western Cape

On 2 August 2017, Kgosi Leruo Molotlegi together with members of the Royal Bafokeng Nation's Supreme Council and Board of Trustees witnessed the launch of Africa's largest open-access Liquefied Petroleum Gas (LPG) import and storage facility – Sunrise Energy.

A Royal Bafokeng Nation investment, the Sunrise Energy facility is built to advance the development of the oil and gas sector in the Western Cape and further afield, and will enable the import of LPG in large quantities, boosting regional energy security and increasing downstream competition, to the benefit of consumers and the provincial and national economies.

Sunrise Energy is 60% owned by MOGS with the IDC holding a 31% stake. Royal Bafokeng Holdings owns 51% of MOGS, the balance being held by the Public Investment Corporation.

With a throughput capacity of 200 000 metric tonnes of LPG per annum, the import and storage facility will provide alternative, safer energy, allowing for cheaper, cleaner alternatives for domestic and commercial use. In recent years the Western Cape has experienced shortages amounting to half of its monthly 11 000

metric-tonne peak demand for LPG; the new terminal's import capacity will substantially address this shortfall.

Open access is central to Sunrise Energy's business model, meaning that any legitimate importer, distributor or gas user may use the available infrastructure – with charges being subject to maximum throughput tariffs which are set and regulated by the National Energy Regulator of SA.

Members of the Supreme Council and the RBNDT Board of Trustees were also ushered to witness the progress of yet another Bafokeng investment – a crude oil storage and blending terminal with a total of 13.2 million barrel tanks – OilTankingMOGS. The project is making steady progress and is expected to be completed in 2019.

MOGS continues to expand through various initiatives in Mozambique, Ghana, Djibouti and Ethiopia.

These projects are in line with Plan'35's developmental mission of diversifying the Nation's economy through infrastructure investments towards a sustainable economic future for the Nation. ■

Celebrating Bizniz in a Box success

On June 27, the community celebrated the graduation of 51 young entrepreneurs from the Bafokeng villages who have successfully completed CCBSA's flagship Youth Empowerment Programme, Bizniz in a Box.

As part of its commitment to uplifting the communities where it has an operation footprint, CCBSA's Bizniz in a Box is giving the youth a direct opportunity to take their communities to greater heights by allocating spaza shops following a graduate programme, enabling these graduates to make a meaningful impact in the local communities.

"Finding opportunities for young people remains a critical challenge for South Africa. The inclusion of young entrepreneurs in the economy has become a national priority. To this end, it was important for us as a responsible corporate citizen to invest in the lives of our youth," said CCBSA Head of Enterprise and Community Development Tsholofelo Mqhayi.

RBED Head, Ian Venter said they are delighted to partner with CCBSA, Telkom and SEFA to bring

Mmemogolo with CCBSA delegation handing out certificates.

this valuable project to the youth of the Bafokeng villages. "With the support of the land committee, Dikgosana and the customers for these shops, sustainable jobs are being created to the benefit of all", he added.

Launched in 2015, Bizniz in a Box was established to make an impact in curbing youth unemployment. Through this initiative, the 51 graduates will have an opportunity to run their own small businesses and help to alleviate unemployment in their communities.

The first phase of this programme in the North-West region started in

October 2016 when CCBSA called for interested youth to enrol in the programme. With a large number having applied to the programme, the group eventually narrowed the application down through the shortlisting phase.. Successful attendees were then taken to complete the boot camp phase, where they underwent training and were considered for the opportunity to qualify to receive one of the spaza shop containers available to manage, with a view to paying it off and ultimately owning it.

Bagodi ba keteka kgwedi ya basadi ka mmmino

Bagodi go tswa mo metseng e e farologaneng ba ne ba thologetse kwa Kanana mo malobeng, go tsaya karolo mo kgaisanong ya dikhwaere ya mekgatlho ya bagodi, eo lebaka legolo la ona, e leng go keteka kgwedi ya basadi.

RBED celebrates SMME's achievement

Royal Bafokeng Enterprise Development (RBED) hosted a graduation ceremony for SMMEs who underwent training with Professional Cooking Academy. More than 30 SMMEs were congratulated and awarded certificates for successful completion of the baking and cooking training course on 21 August at the Bafokeng Civic Centre.

Kgosana Sydney Bogopane, Lizelle Van der Walt and Ian Venter

RBED Head, Ian Venter told SMMEs to work hard and always show determination if they want to take their businesses to the next level. "A certificate doesn't guarantee business, it's not there to change your lives but it is a symbol of what your hands can do and where your hard work and skills can take you" he said. He further encouraged the graduates to make use of his office to get further guidance in their chosen journey to grow their businesses.

The SMMEs came from various villages within the Bafokeng area. Some are running cooperatives while others are running their own catering businesses.

In her message of appreciation, Martha Seme of Sejaneng Cooperative in Lefaragatlha, thanked RBED for their support. "The skills we have acquired have indeed helped us in running our cooperatives; we wouldn't be where we are today if it wasn't for

your support. We really appreciate your tireless support", she said.

RBED develops Bafokeng SMMEs to enhance the sustainability of the local economy to the benefit of the community as healthy businesses create lasting job opportunities. "For SMMEs to grow, they need to be skilled in the industry within which they operate and such training programmes are a key element in achieving this objective", said Venter.

ANANDA LODGE

Nestled at the feet of the Magaliesberg Mountains, you will find the 3* Ananda Lodge. This prime property, unused for years, is now springing back to life after undergoing a total refurbishment.

It offers large grounds for walks, comfortable accommodation and also features conference, wedding facilities and baby shower facilities. With its own restaurant offering both a la carte and buffet for groups, it is fast approaching a popular meeting place. Rooms have been modernised, while the swimming pool and braai area revamped.

The Lodge is situated on the Donkerhoek Road, with easy travelling distance from Phokeng and Rustenburg. Log onto the Royal Bafokeng Tourism website for more information on Ananda Lodge and other tourism events : www.royalbafokengtourism.com

YOUTH DAY CELEBRATION

The Bafokeng Youth Development Centre consisting of among others groundbreakers and mpintshis celebrated youth day with the youth at Rustenburg Correctional Services popularly known as Ramochana prison on 16 June.

The two groups kicked off the day with a dialogue particularly on crime and its effects not only in society but in the lives of the young people. While the youth was more interested in the prisoners' lives in prison and the crimes they committed, the prisoners used the opportunity to encourage them not to commit any crime that will send them to prison.

The day was filled with fun and entertainment with both groups showcasing their talents in music, poetry, dance and drama. In addition to showcasing their modelling skills, the prisoners also displayed their hand made clothes.

DITLHOPHO TSA MAKHANSELARA A MORAFE

Baagi mo metseng e e farologaneng ba diragaditse tshwanelo ya bona ya go itlhophela baemedi kwa khanseleng ya kgotlakgolo ya morafe mo bokhutlong jwa kgwedi ya Phukwi. IN HONOUR OF MADIBA

Children in various centers around Phokeng enjoyed Mandela Day celebration with staff from RBN Health and Social Development Services and volunteers from other companies.

At Phokeng Health Centre children were treated to face painting while their parents were taught about the importance of child stimulation to enhance child development and strengthen relationships between parents and children.

Painting activities took place in Luka. Children from the Youth Centre had fun expressing their creativity in painting. A well-known artist Tshepang Maelangwe dedicated more than 67 minutes of his time teaching the children the art of painting.

A team from I AM We Are and Jelani Girls from USA organisations also joined hands with the HSDS staff to bring smiles to the orphans and vulnerable children of Godisanang OVC Centre.

The Centre currently provides support to more than 1000 children; taking care of their psychosocial needs, assisting them with homework, providing meals, school uniform and more. To wrap up the day, the team donated toys and games for the children.

MEKGATLHO E TSENETSE KGAISANO YA RBED

Bafenyi mo kgaisanong ya go baka marotho le dikuku; Mmabatho Senne wa Dithabaneng Cooperative, Martha Seme wa Sejaneng Cooperative kwa Lefaragatlha le Letlhogonolo Rakhudu wa Phokeng Cooperative ba bontsha dimpho tse ba di fentseng. Kgaisano e ne e le ya mekgatlho e e seng ya puso, eo e neng e rulagantswe ke RBED. Mekgatlho e le lesome go tswa mo metseng e e farologaneng ya Bafokeng e ne e tsenetse kgaisano eo.

Baatlhodi Hester Pavier, Dorothy Langa le Lizelle Van der Walt ba nnile le nako ya go ba botsolotsa dipotso ka mekgwa ya go apaya, go lebelela bophepa, go utlwelela monate wa dijo tsa bona le mokgwa o ba o dirisitseng wa go tlhagisa dijo fa pele ga bona. Morutabana wa bona Lizelle o itumeletse matsapa a bona, a tlhalosa fa go na le tokafalo e ntsi thata le gore o solofela fa ba tla tswela go itokafatsa.

Kwa bofelong botlhe ba ungwetswe, ka kgaisano e ba kgontshitse go bona gore ba sa ntse ba tlhabela fa kae le gore ba ka tswela pele jang. ■

Impala Platinum Social and Labour Plan

Makgotla Offices: Luka (In implementation)

Makgotla are sections within the traditional community (villages) leadership which are responsible for running the affairs of that section. The Kgosana (Headman) is the traditional leader heading the section. The responsibility of Makgotla includes but not limited to holding meetings with the section of the community to keep them informed of matters that are of concern (land affairs, allocation of stands, employment, education, health, farming and agriculture, mining in and around the village etc.) and generally to settle communal disputes.

The first three (3) Makgotla offices constructed as part of the 1st Generation Social and Labour Plan (SLP) were in Mogono, Ratshwene and Mogopa A Dira. The remaining twelve (12) were planned for implementation as part of the 2nd Generation SLP. To this end, six Makgotla offices (Tau, Rathipa, Tlaseng, Rakhudu, Rathibedi and Ramakatswana) are due to be completed by end of June 2017 with the remaining six (Napo, Tlebebe, Mabye, Madibana, Rankunyana and Photsaneng) to be completed by September 2017. These facilities are fully furnished with boardroom facilities, offices for Kgosana and secretary of the Kgotla, gathering area for lekgotla meeting and ablution facilities. These facilities are well resourced and convenient for meetings and administrative purposes.

Luka Roads & Storm Water Channels (In implementation)

Roads and storm water channels project were identified through various structures and the RBA through the Public Management Office, has played a significant role in the actualization of this projects. Roads and other infrastructure projects are a greater form of improving the living conditions within the mine communities on a broad based level. The project will provide convenience when travelling and during rainy seasons. Storm water will also be directed through the channels thus preventing soil erosion. The completed roads would add value to the living conditions of the local community. A total of 3.4km of new road completed with road marks and traffic signs will be completed by end October 2017.

Kanana Multi-purpose Centre (In implementation)

During stakeholder consultations, a need for a recreational facility was identified for the community. The development of this project offers a meaningful upliftment opportunity to Impala's mine communities. It was therefore planned in the 2nd Generation SLP to construct these facilities to provide access to recreational facilities and a library to the community of Kanana and surrounding villages.

The indoor sport facility which serves as a hall as well would accommodate both aspiring and established athletes in their various disciplines. Tennis, netball, basketball would be amongst sports that can be performed in the structure.

The present lack of information hubs within our communities makes this facility an exceptional investment. Building the Kanana Multi-Purpose Centre near the R510 road, enhances accessibility to most people around the communities. When completed the size of the building will be 700m².

The building will have amenities such as a boardroom, reception area, 3 offices, ablution facilities, kitchen, storage room and a library completes. The implementation of the project has been divided into 3 phases. Phase 1 comprised a 1200m² platform of and was completed in December 2016. Phase 2 involves the steel structure and commenced in May 2017 to be completed by July 2017. Phase 3 will be the brickwork and will commence in August to end December 2017. The total project will be completed by February 2018.

Exploration Projects

Diepkuil Kgotla and Roodekraalspruit Community Centre

During the prospecting activities, land users and/or communities get inconvenienced by the exploration operations in one way or the other. A joint prospecting between Impala Platinum and Royal Bafokeng Nation was undertaken in Diepkuil and Roodekraalspruit. It is important that sustainable development initiatives which are seen to be uplifting the communities where the exploration activities have taken place are implemented. For this reason and to foster good relations with the communities, projects were identified to be implemented. After several engagements with the communities, the following were identified as needs by the community:

- Roodekraalspruit – Renovation of community hall and new building block with a boardroom, 1 office, 1 room to serve as nurses station and 1 room to serve as pensioner's pay point.

- Diepkuil – Kgotla facility consisting of a gathering area with ablution facilities and car park, office block with 2 offices, boardroom, kitchen and ablution facilities.

These facilities have been completed and due to be officially launched and handed over to the community in the near future.

Luka-Mogono Bulk Water Line

In this current SLP, the Mine has contributed almost R30 Million towards the construction of this Project. The project aims to get rid of water shortages in Mogono areas. The project will be launched before the end of 2017 and will be completed mid-2018.

Luka & Mogono Sports-Fields

One project which will start within this 2nd Generation SLP will be the development of Sports Fields in Luka & Mogono. We are at an advance stage of planning and the Luka/Mogono Makgotla will be fully informed in due course.

Hospitality SACA Programme

Royal Bafokeng Institute, (RBI) offers South African Chefs Association (SACA) Food Preparation qualification at certificate and diploma level at Ananda Lodge. The SACA programme is funded by the National Youth Chefs Training Programme with City & Guilds as the certification body.

SACA students attend one day of theory training per week and are placed at the workplace for the remainder of the week. SACA pays these students a monthly stipend to enable them to travel to class and work placement. The programme has many successes. A number of RBI and SACA programme graduates are currently placed in learnerships or employment overseas.

Olebogang Morobe, Keketso Modisane, Ororiseng Makgala (RBI Diploma), Tiro Sibanda and Raymond Mofihli (SACA) have been placed.

While Kingsley Lefyine (SACA) has been working as a chef at the Viceroy Palm Jumairah Hotel in Dubai since the end of March 2017, Lesane Rampete from Luka and Thabo Khumalo from Mogwase participated in a cooking competition in Dubai during December 2016 as part of a South African team.

Lesego John Moseki secured a job as one of the Commis Chefs at the beautiful five star hotel, Marsa Malaz Kempinski in Doha, Qatar. Thabo Masinga and Vincent Ngobeni were elected as members of the SA Chefs North West Committee in 2016.

More good news is that RBI students Thapelo Masimong and Dimakatso Tshoagong will be leaving for Texas USA where they will be placed in a learnership at the Fairmont Hotel.

For more information on the programme, please contact **RBI: 014 566 1400.**

Entrepreneurship Challenge

On Monday, 14 August, Kitsong hosted the launch of the 2017 Entrepreneurship Challenge. The Challenge which involves a series of tasks that students have to complete online was organised and sponsored by the Allan Gray Orbis Foundation.

The school was honoured to have the organisers of the Challenge, as well as press representatives, photographers, and reporters from as far as Cape Town at the launch, which included a press conference and live countdown in the Kitsong school hall.

One hundred of the top schools in South Africa have registered to compete in 2017.

Kitsong was the top school nationally in the 2016 competition, with its students holding 3 of the top 5 spots countrywide on the individual leader board.

You can follow the progress of our students on the live leader board at:

Dancers from the Phokeng Ballet Program achieve international success with the Royal Academy of Dance.

The Phokeng Ballet Program would hereby like to extend our warmest congratulations to Calvin Mathekga, Botle Mphulanyane and Melissa Pace for passing their Royal Academy of Dance intermediate ballet examination on the 15th of May 2017.

We are extremely proud of them for doing so! Currently, there are no registered black African Royal Academy of Dance teachers in South Africa, but that is about to change!

The Royal Academy of Dance is one of the world's foremost dance education organizations. It was founded in 1920 as the Association of Teachers and Operatic Dancing of Great Britain. In 1928 Queen Mary became the Association's first Patron and in 1936 it became known as the Royal Academy of Dance after it had received its Royal Charter from King George V.

The Intermediate Ballet Examination Certificate, which these three dancers acquired, is the practical dance level required to become a Royal Academy of Dance teacher.

Calvin, Botle and Melissa will be enrolling for their Royal Academy of Dance Teachers Certificate in August 2017 through Happy Feet Ballet, with financial assistance from the Royal Bafokeng Administration, Lebone II College of the Royal Bafokeng and Konica Minolta SA.

Well done dancers and SUPPORT TEAM, for making the “impossible” possible!!

Melissa Pace

Calvin Mathekga

Botle Mphulanyane

The Phokeng Dance Program would like to take this opportunity to invite the Phokeng Community to our second annual ballet production “A Cinderella Story” that will be performed on the Friday 29 September at the Phokeng Civic Center at 18:00. Tickets (R20 each) will be sold at the doors

SAMSRA 2017 NATIONAL GAMES
