SPORTS AGAINST CRIME

Tlhabane SAPS raises awareness in the community.

The Royal Bafokeng Protective Services, in partnership with Tlhabane Community Policing Forum, Tlhabane SAPS and the other stakeholders from various governments departments mounted a joint campaign aimed at fighting crime through sports. The primary target of the campaign is the youth and Lefaragatlhe was chosen as the first area.

As part of the overall campaign, various events were organised and one of which was themed: "Get high on life and not on drugs". This was to discourage drugs and substance use amongst learners. The initiative came after Tlhabane SAPS noticed a high number of reports of drug use in Rauwane High School, Geelhout Secondary and Tlhabane Technical School.

During the event community members, along with the learners from aforementioned schools, enjoyed the debate followed by netball and football games. The Sport Against Crime focuses on sport as a deterrent to crime by creating opportunities for further enhancement of the participating parties.

The learners were motivated by an ex-offender, Kenny Kalane, who stated to the learners that crime does not pay and through this programme they are being given the opportunity to make the right choices as drugs lead to crime. Kalane continued to relay about life in prison and said that "life stops

when you are in prison and through use of drugs you become self-imprisoned as you begin to lose your purpose in life, trying to please friends and giving in to peer pressure, drugs do not only destroy your life but also kills the lives of the people who love you".

After the motivation talk from Kalane the learners were given an opportunity to hold a dialogue where they discussed the factors that led them to use drugs, the effect of using drugs and the challenges they faced as teenagers.

Kabelo, a learner from Rauwane Sepeng High School stated that family disputes and lack of attention from parents led to learners taking drugs even to the extent of using drugs as stress relief for examinations. Peter, a learner from Tlhabane Technical, expressed his concern to his peers that if they used drugs they risked death.

In addressing the issue of things that challenge them in life, learners identified peer pressure and statutory rape as two key factors.

The programme to raise awareness on substance and drug abuse is ongoing and discussions will be taking place in schools to get the learners to talk about any problems they may have with substance abuse.

To Wash a Mother's Hand

by Stan Montsho

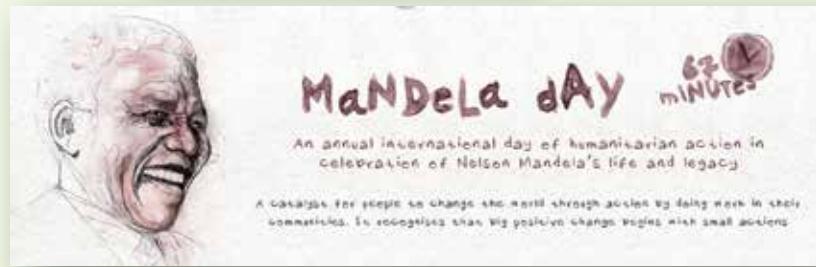

*innumerable wrinkles on my Mother's hands portrays the
natural angst of every woman's quest to feed
scars that bares victims to the sharp blades of the Shogun Knives
invisible finger prints erased by the paraffin starved Primus stove
are a totem of your priceless love to us*

*nails foreign to manicure and pedicure
cartilages now shattered by arthritis
rough touch of your palm
knuckles gone to waste and burdens carried too long
resemble the continuing smile on my "not-so-handsome" face*

*mindful of inability to repair the damage done
I offer you my thanks to wash your hands
Love and happiness I give to balm
I shall not offer you soap and water though
lest you wash away the reminder of my precious existence*

Happy Women's Month Mother!

67 Minutes Done!

Mandela Day in Photsaneng was a great success, thanks to the organiser, RLM Councilor Lolo Molefe. A number of companies joined hands to bring smiles to the community especially the elderly people. Koko Nnunyana Makgatlha had her house painted by Precious Metal Refineries while Mme Mpilo Mazongwa's house was painted by Platinum Stars. Other elderly people in the area including Nkaneng settlement received blankets donated by Anglo's ACP plant and Xtrata while Fraser Alexander provided lunch.

Platinum Stars players rolled up their sleeves for 67 minutes painting Mme Mpilo Mazongwa's house.

Community members together with PMR spent time painting a house belonging to Koko Nnunyana Makgatlha as part of their 67 minutes for Mandela.

The elderly people also received blankets donated by Anglo's ACP Plant and Xtrata while Fraser Alexander provided lunch.

BAFOKENG NETBALL ASSOCIATION ACHIEVES NATIONAL ACCOLADES

Good luck to the team, dirang!

It is every child's dream to see themselves excel in what they do and representing their families with pride. Dedication and perseverance remained key as the week unfolded with challenges that made us realize the worth of the Bafokeng Netball Association (BNA). Affiliated to Netball South Africa (NSA) a few ago, as a sub region, BNA wanted to be bold and stand for itself among bigger regions and that is exactly what happened.

One can look back and remember last year when BNA hosted the National Championships for the Senior phase and the Male Netball Championships on our own soil. This year, the team travelled with the Under 19, Under 21 and Male Teams to Durban to represent the region at what was regarded the most successful event in Durban this year. At this year's event, more than 48 female teams joined for the occasion, and for the first time since the inception of the Male Teams, more than 27 gathered down in Durban.

In a freezing week of netball play, in the territory of EThekweni Municipality, teams met and clashed,

good netball was on display, memories were made that will last in the minds of netball lovers for a very long time. Great hospitality from the bold tourist city offered more than just netball - beautiful ambience, Durban was on point!

Old friendships reunited and new ones created, all in the name of one sport, NETBALL. The opening games saw Royal Bafokeng's Under 19 and Under 21 throttle Francis Baard and Zululand to make them leaders in their pool. The Male team played against the Capricorn giants and lost the game within an inch, but never gave up. As days went by, the Under 21 team dominated the B Section by winning all their games and placing them in the first position with a big margin. The Under 19 lost to KZN Schools but never gave up and fought like soldiers. The Male team won their game Zululand, and Nkangala to place them in a third place in their pool.

As goals were calculated for the semi-final pool, the Male Team placed in 5 and had to play for the same position with Amathole, who were 3rd in their pool. The game attracted all the spectators and cheers

came from all North West and Gauteng Regions to BNA, unfortunately losing to Amathole by just 2 goals.

Star Dlwathi, the Under 19 Coach, played for North West Flames at the first prestigious Netball League and came back with shining accolades for Bafokeng. She represented the Nation with pride in both events, where she was the only selected player in the Bojanala Region and came back with a Bronze Medal from Durban. The Male Team, dominated by new guys from Phokeng and around came back with position 5. "The Male Team is only in its second year and already we have attracted more than 50 sportsmen that want to be part of this winning team. Our focus is to attract guys from the villages. Male Netball is taking the world by storm and good things will arise from this specific sport. I am grateful for Star and the rest of the teams for their achievements at the National Championships; it is not easy and winners work hard", Mpho Sello Head Coach Netball at Royal Bafokeng Sports Development.

At the final whistle, the Under 21 Team was crowned the National Champions for the 2014 season, defending their last year's title. During the tournament, technical selectors chose from over 500 players for the best players and at the Gala event, where exceptional players are selected to make the National Team, Neo Mbamba of Bobuampya, was amongst the players called up that night.

Letlhogonolo Selebogo and Tshepo Ikalafeng, both Umpires of the tournament, were graded National B, for their exceptional work displayed.

The focus is not only on the playing but also on the coaching, umpiring and managing. Last year's organising team received good feedback from the Netball President, mentioning how well the previous tournament was organised.

"When you are a Coach and you see players like Neo get selected in the National squad, all you do is work hard for more! I am grateful for all the teams and really like to thank Management, Officials and Technical staff that accompanied us to Durban for making this trip possible. It was not easy, but we made it. Netball is a sport that lives in our hearts and we shall continue to instil more than passion within young ones. We look forward to the Spar National Championships in Cape Town where the Senior Team will be working hard to come close to the trophy", Mpho mentioned.

The Spar National Netball Championships will take place in Cape Town between 9 – 15 August 2014.

Good Luck to the team, dirang!

NB: The National Championships highlights from Durban airs on SuperSport Blitz randomly and the Under 21 team from the Bafokeng receives more mileage than any other team!

Good Luck to the team, dirang!

A LOOK INTO DIKWENA'S NEW SEASON

As the sun set at the end of the season, Dikwena grabbed national acclaim with a double trophy success. Platinum Stars FC remains the hope of the Province, with many looking to see what the new season will bring.

Platinum Stars' victories in the MTN8 and Telkom Knockout finals have made last season the most successful season in the club's history; in just a few months tripling their trophy haul. Blood, sweat and, at times, even tears have been the story of this remarkable campaign.

This season, the Dikwena will value success, and results will be seen in all their games they will play. Dikwena, will conquer many challenges, value the spirit of team work and gather as we hope to celebrate yet another successful season. The team started the new season on a high note by beating Mamelodi Sundowns in the quarter finals of the MTN 8 Wafa Wafa. As defending Champions, the team looks into building and gathering great support from the fans during this season.

"Last season saw us emerge as winners of the tournament after critics referred to us as "underdogs". This year we approach this tournament with everything that we have. We will prepare and fight for what belongs to the team, and the province. The pressure lies on us as we are defending, and with God on our side, we know that all is possible. The preparations so far have been great and the Coach and his team are thoroughly prepared for the season ahead. The focus and the current spirit within the team, Platinum Stars FC will continue to rise", said Football Manager, Senzo Mazingiza, of Platinum Stars FC.
